NC Watershed Map: Neuse

Create a pencil map (drawing) identifying the following important features of a watershed. Your map should take up an entire page. Draw and LABEL the following:

- 1. Title
- 2. HEADWATERS
- 3. TRIBUTARIES
- 4. RUNOFF from human activities (urbanization, agriculture, etc)
- 5. Cape Fear RIVER and its FLOODPLAIN
- 6. MEANDERS
- 7. DELTA
- 8. Coastal WETLANDS and finally....
- 9. ATLANTIC OCEAN
- 10. Accurately portray relative size and distance. For example, your river should be much wider than tributaries.
- 11. Your map should be legible and neat.
- 12. Your map should be in full color.
